### Breastfeeding Absorbing Pads

PADYCARÉ® silver coated and antibacterial breastfeeding absorbing pads offer maximum safety during the delicate period of breastfeeding. The special antibacterial 100% silver coated fabric prevents the proliferation of bacteria inside the cup, while providing an appropriate mechanical barrier for protecting the breast. PADYCARÉ breastfeeding absorbing pads retain liquid and prevent it from seeping out to the surface, always keeping the skin dry. The external breathable layer allows the nipple and skin to breathe and prevents irritations like mastitis.
